

Continuous-flow intersection (CFI)

Pedestrians and bicyclists

●●● Pedestrians using the multi-use pathway along U.S. 20/26 will be directed to the crosswalk area. Pedestrians will need to cross the right-turn lane before crossing the full intersection. It will take pedestrians more time to cross a CFI as compared to a traditional intersection.

●●● Bicyclists using the multi-use pathway along U.S. 20/26 will be directed to the crosswalk area. Bicyclists will need to cross the right-turn lane before crossing the full intersection.
