

Welcome

The Idaho Transportation Department (ITD) is completing their work to develop a long-range plan for U.S. 20/26 (Chinden) from Eagle Road to I-84 (Caldwell). The plan will include recommended roadway improvements and identify right-of-way needs for the corridor between now and 2040.

The purpose of today's meeting is to give you an opportunity to:

- Learn about the U.S. 20/26 Corridor Study
- Review and give comments on recommended improvements for the corridor
- Learn about the final steps
