This project will replace the Little Bear Creek bridge in Latah County, which is outdated and only a one-lane structure with no sidewalks. The bridge is used extensively for school bus traffic, pedestrians, local motorists and is a critical link to downtown. Replacing this structure would drastically improve local access and safety.

Lewiston road section will be preserved from the Rose Garden near the Junction of Hwy-128 to the Clearwater Memorial Bridge. The Moscow road section will be preserved from the Southbound couplet of Hwy-95 also known as Jackson Street. These road preservations will be accomplished by smoothness grinding and resealing the joints and cracks within the concrete pavement. The smoothness grinding will increase the smoothness of the sections of highway and resealing the joints will help prevent water from seeping into the subgrade, which will extend the life of the concrete pavement.
