Attn: Charlene McArthur, Chief Administration Officer

RE: 2017 STIP Amendment #H12

Dear Mr. Ness:

This approval provides for the addition of 25 Federally funded projects to the FY 2017-2020 STIP as further described in ITD's October 23, 2017 letter request.

FHWA has determined that:

1. The change to the program is not intermodal in nature and will not affect the State's conformity process and, therefore, FHWA has sole approval authority.
2. No further public involvement is necessary for this action.
3. The proposed amendment is based on a planning process that substantially meets the requirements of Title 23, U.S.C., the Federal Transit Act and 23 CFR 450.

In consideration of the above, 2017 STIP Amendment #H12 is approved as requested.

Sincerely,

R. Scott Frey
Transportation Engineer

SUBJECT: FY 2016 – 2020 STIP AMENDMENT – October 20, 2017 # H12

Dear Mr. Hartman:

The attached 25 projects are all new to the STIP and were included in the FY 2018 – 2024 Recommended Program approved by the Idaho Transportation Board at their September 21, 2017 meeting. These projects have either preliminary engineering, right of way, or construction costs scheduled in FY 2018 and are outside the MPO areas.

The Department requests that the addition of these projects be amended to the FY 2017 – 2021 STIP so that funds may be obligated as planned. The full FY 2018 – 2022 STIP will be submitted to FHWA/FTA in November.

No further public involvement or air quality conformity analysis is required. The Idaho Transportation Department certifies that the above actions meet all applicable requirements as described in 23 CFR 450.218 of *Planning Assistance and Standards*. The STIP continues to be consistent with *Idaho On the Move*; the Long Range Plan as approved by the Idaho Transportation Board in 2010.

Sincerely,

A handwritten signature in black ink, appearing to read 'Joel Drake', is written over a light blue horizontal line.

Joel Drake
