## User Survey ITD's electronic newsletter The Transporter

The Transporter is ITD's official administrative newsletter, intended primarily for employees but also accessible to retirees and the general public. It has been the department's vehicle for internal news for more than three decades. In an effort to determine its effectiveness as a communication tool and to improve service to employees, the ITD Office of Communications seeks your response to the following questions. You may remain anonymous, but the survey is most valuable if you provide your name and section.

being your most often used source.) Professional publications The Transporter Reports from the Director Electronic mail Internal memoranda Bulletin boards Staff meetings Personal interaction Other (please specify)  2. How often do you read the Transporter? Every week Occasionally Rarely Never  3. If you read the Transporter, on average do you read Every story More than half of the stories Less than half of the stories A single story  4. What factors influence how often and how much you read?
