

## Fuel Site Equipment Project(s)

February 9, 2018  
ITB # 18-03  
Requisition # J000540

### **ADDENDUM #1**

The following information consists of changes, additions, omissions, deletions, or clarifications to the above mentioned project. All other information will remain the same.

Contractor/Business Name: \_\_\_\_\_

#### **Question 1**

Do I have to submit a quote for all sites? Or can I submit to the sites in our area only?

#### **Answer 1**

We will allow Award to be made by line item.

#### **Question 2**

Can you supply a better specification for each of the job sites type of pumps/dispensers? Are they suction pumps, or are they remote dispensers with a submersible pump in the tank?

#### **Answer 2**

At this time we don't know more.

#### **Question 3**

Do you have any underground piping that would require additional sensors on the veeder root? Or any underground containment under the dispensers that would require additional sensors for the Veeder Root?

#### **Answer 3**

At this time we don't know more.

#### **Question 4**

It is my understanding that all wiring will need to be replaced at these sites on both the ATG side and the dispenser. Is this the case at all sites needing upgraded? Do you have lengths needed?

#### **Answer 4**

We believe all sites will need to have the wiring upgraded with the possible exception of Leadore. Leadore had upgrades done in 2008 documentation is unavailable. We believe all fuel islands are 200-300 feet from the tank monitors but we don't know how far underground the wiring was placed. It would be our recommendation that wiring be bid as \$X/foot.

---

**Question 5**

The liability and vehicle insurance requirements seem high, are they negotiable?

**Answer 5**

No.

**The following information consists of changes in the Solicitation and Bid Schedules**

**Change 1 Reads:**

**1.6 Award**

Award will be made, all or none, to the responsive, responsible bidder with the lowest Total Cost, as provided on **Attachment A & B**, Bid Schedule.

**Change 1 Now Reads:**

**1.6 Award**

Award will be made by line item, groups of line items, or all line items, to the responsive, responsible bidder based on the extended price, as provided on **Attachment A & B**, Bid Schedule.

**Change 2 Reads:**
