The Idaho Transportation Department (ITD) invites you to attend a Public Information Meeting/Open House for the US95 N Corridor Access Improvements Project.

The Idaho Transportation Department, Kootenai Metropolitan Planning Organization (KMPO), City of Coeur d'Alene, and City of Hayden have been awarded a FASTLANE Grant to make operational improvements along 8.9 miles of US 95 in Kootenai County, Idaho between Interstate 90 and the US 95 intersection with Idaho State Highway 53.

The project will:

- Correct traffic signal spacing removing two traffic signals and adding two traffic signals.
- Implement adaptive signal timing.
- Modify vehicle-median crossings at non-signalized locations to reduce the number of crossing conflict points throughout the corridor.
- Add left turn lanes and right turn lanes at certain locations to improve the mobility on side streets.

Stop by the informational meeting and open house anytime between 4 and 7 pm, view the display materials, and talk to project representatives. No formal presentation is scheduled. For more project information, please visit <http://itd.idaho.gov/d1/?target=planning>

For more information, contact CarrieAnn Hewitt, PE with ITD at 208-772-1230. Comments will also be accepted in writing or via email at carrieann.hewitt@itd.idaho.gov.
