

# CONSTRUCTION AHEAD – 2017

New traffic pattern begins on I-15 this weekend between Lava Beds, Bonneville County line

[Construction between Lava Beds and the Bonneville County Line](#)

includes replacing deteriorated pavement, upgrading sections of guardrail and improving clearance under four bridges.

This project is among [10 maintenance projects](#) scheduled this year on I-15.

Here's what motorists can expect:

- On Saturday morning (May 20), traffic will move into a "crossover" pattern on the northbound side of I-15.
- All traffic will share the northbound lanes while crews repave the southbound side.
- The crossover lanes do not include room to pass. Please slow down, especially when traveling behind wide loads.
- All lanes of I-15 are expected to re-open by the end of the summer.

ITD reminds you to plan extra time, pay attention and slow down when traveling through the work zone.
