

CONSTRUCTION AHEAD – 2017

Interstate 15 crossovers in Pocatello will begin Friday (June 9)

A new "crossover" traffic pattern will take effect on I-15 this **Friday (June 9)** as the Idaho Transportation Department begins repairing bridges at Terry Street, Barton Road and South 5th Avenue Interchange.

What to expect:

- All I-15 traffic will use the northbound lanes, which allow crews to safely work on the southbound lanes. [Crossover map](#)
- I-15 will be reduced to one lane in both directions between Center Street and S. 5th Avenue.

ITD will hydroblast and remove the old bridge surfaces, lay new pavement and replace guardrail at each bridge.

Terry Street, Barton Road and South 5th Avenue will remain open during construction. Occasional lane restrictions may be necessary for safety on the local roads.

Motorists are urged to plan extra time, pay attention to signage and slow down.
