

## New crossover lanes open near Sand Road Overpass

Drivers began using the new "crossover" lanes this week on Interstate 15 between the Sand Road Overpass and South Blackfoot Interchange.

- The crossover lanes will allow all motorists to travel on northbound I-15 while crews pave the southbound lanes and replace guardrail.
- I-15 is reduced to one lane in both directions.
- The resurfacing work between the Sand Road Overpass and South Blackfoot Interchange will be completed later this fall.

Please **plan extra time** to drive through the construction zone, **pay attention** to signage and **slow down**. For more information, download the [project fact sheet](#).
