

I-15, Rose Road Interchange Improvements

I-15 Rose Interchange	Existing Interchange	New Interchange
Bridge Width	28-ft	54-ft
Off-Ramp Length	1,000-ft	1,200-ft
On-Ramp Length	1,400-ft	2,300-ft
Right-of-Way	44.5-acres	47.3-acres

- The two Riverside Canal structures south of Rose Road will also be replaced with this project due to their load restrictions and the need to add a lane for the southbound on-ramp. I-15 crosses over the canal structures.
- Estimated Project Cost: \$11,100,000
