Re:Grangeville to Spalding Rail Reload & Grangeville to Lewiston Idaho Forest Lumber Yard-129

We have been working with Idaho Forest Group to haul lumber from the Grangeville mill to the rail siding in Spalding, as well as the Idaho Forest Group mill in Lewiston. Baker Truck is investing in new and appropriate equipment to do this efficiently and safely.

The Highways, Streets and Roads effected by this new weight class would be, Grangeville City Street; Pine Street to Highway 95 to Idaho Forest Group Mill. Idaho Forest Group mill in Grangeville to Spalding Mill Road, mile marker 303 North on US 95 to the 4 lane; mile marker 305; to Memorial Bridge US12; mile marker 2; to East Main Street to Mill Road and then .3 miles on Mill Road to Lumber Yard Entrance.

This project has Idaho Forest Group's full support, as they have been a proponent for the right trucks for Idaho to remain competitive with adjoining states and provinces.

Sincerely,

A handwritten signature in blue ink that reads "Brad Baker".
