

GOWEN INTERCHANGE UPDATE SPRING – SUMMER 2015

Construction is on schedule to be complete in late 2015.
The speed limit is 55 mph on I-84.

Build westbound I-84 bridge over Gowen Road
Gowen Road and the westbound ramps will be closed overnight for two nights from 8 p.m. to 7 a.m. when crews remove the I-84 bridge.

Remove rocky areas to make room for new lanes and ramps
Crews will blast rock in mid-March for two nights. I-84 and the Gowen Interchange will be closed during blasting, and traffic will be detoured from 7 p.m. to 5 a.m.

Reduce I-84 to one lane in each direction
Westbound traffic will cross over to the eastbound side of I-84. One lane will be open on I-84 in both directions and shoulders will be limited. Traffic exiting westbound I-84 to Gowen Road will use a dedicated exit lane.

Continue to build permanent ramps
Overnight ramp closures will occur intermittently.

Work zone Map not to scale

**LEAVE EARLY.
SLOW DOWN.
PAY ATTENTION.**
