Changes on I-84 between Meridian Interchange and Cloverdale Road begin Thursday (May 28)

May 26, 2015

From Thursday (May 28) through Sunday (May 31), crews will put in place a **new traffic pattern on Interstate 84 from the Meridian Interchange to Cloverdale Road.**

Click here for a map of the upcoming changes.

What You Need To Know | June - Early August

- One **eastbound lane of I-84 will cross over to the westbound side between Meridian and Cloverdale roads**. Drivers in this lane will not be able to exit eastbound I-84 at Eagle Road. Motorists using the eastbound off-ramp at Eagle Road will need to be in the far right lane just after the Meridian Interchange.
- **Eastbound I-84 will reopen to four lanes** just past Cloverdale Road.
- The **crossover on westbound I-84 will be removed**.
- **Westbound I-84 will remain restricted to three lanes** between Cloverdale Road and the Meridian Interchange.

The traffic pattern will remain in place **through early August** as crews continue to rebuild the outside lanes and shoulder of I-84.
