# EXITING I-84 AT EAGLE ROAD? OFF-RAMP ACCESS IS CHANGING

In late September a new traffic pattern will be in place until this winter, allowing crews to rebuild the outside lanes and shoulders. The traffic pattern includes one eastbound lane being directed onto the westbound side. The lane will be protected with barriers. **Motorists using the eastbound off-ramp at Eagle Road will need to be in the right lane just after the Meridian Interchange.**
