Sample Information for Testing

Note: Refer to provided instructions when completing this form

ITD 1044 (Rev. 02-24)
itd.idaho.gov

1 Sample Of		**2** Lab Number (Completed by Receiving Lab)			
3 Key Number	**4** Project Location			**5** Spec Book	**6** Supplementals	**7** District
8 Identification Number (Control Number)		**9** Contract Item Number		**10** Quantity Represented		
11 Send Reports To (Resident Engineer's Name)	**12** Sampled By		**13** WAQTC No.	**14** Date Sampled	**15** Date Lab Received	
16 Sampler's Employer	**17** Sampler's Phone No.	**18** Sampler's Email		**19** Sample Description		
20 Point of Sampling	**21** Manufacturer		**22** Supplier			
23 Source Number		**24** Tests Requested (Add below if more room needed)				
25 Remarks and Miscellaneous Items for Testing						

☐ **Cement** ☐ **Fly Ash** ☐ **Silica Fume** ☐ **Fly Ash/ Slag Blend (Sample from unblended components)**

Mill Analysis Number	Brand	Type

Concrete / Grout / Mortar

Class	Specified Strength (psi)	Temperature	Unit Weight	Air Content	Slump (Spread SCC)	Mix Design Number

Time Sampled	Coarse Agg. Size No.	Agg Correction Factor	Placement Location
○ a.m. ○ p.m.			

Bituminous Mix

Class	Intended % Binder	Binder Grade	ITD Mix Design No.

Time Sampled	Asphalt Binder Brand	Brand Additive	% Additive
○ a.m. ○ p.m.			

Reinforcing Steel* (Heat No.), Strand*(Reel No. & Heat No.), Geotextiles*/Geogrids* (Lot No., Roll No., Style or Code No.), Curing Compound (Batch No.), Paint (Lot No.), Beads (Lot No.), and Soil (Test Hole No., Depth, Layer No.)

Batch / Lot No.	Test Hole No.	Depth	Layer No.	Heat No.	Reel No. or Roll No.	Geotextile / Geogrid Style or Code No.

*Include required documents with sample: i.e., manufacturer's certification, bill of lading, or QC test results

Remarks and Miscellaneous Items for Testing (For multiple heats, list here)
