RE: Idaho Transportation 19-D2-A&E Roster through December 31, 2023

Recently, the Idaho Transportation Department (ITD) reviewed all companies that responded to a Request for Statement of Qualifications. Based on the criteria detailed in the request, ITD has determined the companies that are on the Idaho Transportation 19-D2-A&E Roster for Facility Construction projects through December 31, 2023.

This roster lists companies ITD may contract with for individual projects throughout the contract period. ITD may choose to interview several companies prior to selecting a firm to perform services. However, multiple interviews are not required and ITD may, at its discretion, simply select a company to perform the individual project work.

The following companies **are** on the Idaho Transportation Department 19-D2-A&E Roster:

Bott & Associates / Keltic Engineering Inc.
Castellaw Kom Architects

The company listed below was found non-responsive and **is not** on the Idaho Transportation Department 19-D2-A&E Roster.

Glancey Rockwell & Associates

Thank you for responding to the request. No additional action is required at this time. If you have any questions, please let me know.

Best Regards,

Melinda Doan, Facility Management Contracting Officer
Idaho Transportation Department
