RE: Idaho Transportation 24-D6-A&E Roster through December 31, 2028

Recently, the Idaho Transportation Department (ITD) reviewed all companies that responded to a Request for Statement of Qualifications. Based on the criteria detailed in the request, ITD has determined the companies that are on the Idaho Transportation 24-D6-A&E Roster for Facility Construction projects through December 31, 2028.

This roster lists companies ITD may contract with for individual projects throughout the contract period. ITD may choose to interview several companies prior to selecting a firm to perform services. However, multiple interviews are not required and ITD may, at its discretion, simply select a company to perform the individual project work.

The following companies **are** on the Idaho Transportation Department 24-D6-A&E Roster:

Hummel Architects  
Myers Anderson Architects

The companies listed below **are not** on the Idaho Transportation Department 24-D6-A&E Roster.

Hatch Design Architectural  
Hutchison Smith Architects  
JHS Architects  
JRW & Associates  
Method Studio  
NBW Architects

The companies listed below were found non-responsive and **are not** on the Idaho Transportation Department 24-D6-A&E Roster.

Miller Stauffer Architects

Thank you for responding to the request. No additional action is required at this time. If you have any questions, please let me know.

Best Regards,

Travis Frei, Facility Management Contracting Officer  
Idaho Transportation Department
