RE: Idaho Transportation FM72201 Construction Manager Roster through June 30, 2027

Recently, the Idaho Transportation Department (ITD) reviewed all companies that responded to a Request for Statement of Qualifications. Based on the criteria detailed in the request, ITD has determined the companies that are on the Idaho Transportation FM72201 Construction Manager Roster for Facility Construction projects through June 30, 2027.

This roster lists companies ITD may contract with for individual projects throughout the contract period. ITD may choose to interview several companies prior to selecting a firm to perform services. However, multiple interviews are not required and ITD may, at its discretion, simply select a company to perform the individual project work.

The following companies **are** on the Idaho Transportation Department FM72201 Construction Manager Roster:

Andersen Construction
Bateman-Hall, Inc.
Beniton Construction Company

The companies listed below **are not** on the Idaho Transportation Department FM72201 Construction Manager Roster.

Construction Solutions Company, LLC
Engineered Structures, Inc.
Petra, Inc.

Thank you for responding to the request. No additional action is required at this time. If you have any questions, please let me know.

Best Regards,

Megan Vaudrin
