The Ignition Interlock Manufacturers listed have been certified by the Idaho Transportation Department Office of Highway Safety (OHS) to meet the standards set forth by the National Highway Traffic Safety Administration for Model Specifications for Breath Alcohol Ignition Interlock Devices (BAIIDS).

It is suggested that individuals ordered by the court to install an ignition interlock, contact **each company** listed to determine the nearest service center, cost, availability, and appointment requirements.

These manufacturers are **located outside of Idaho**, however, they have service centers in various Idaho locations.

OHS does not install ignition interlocks, cannot recommend a company, or provide the nearest installation center.

For questions contact Lisa Losness at lisa.losness@itd.idaho.gov or 208-334-8103.
