GENERAL INFORMATION

PROPOSAL

The Idaho Transportation Department (ITD) is seeking qualified and experienced respondents (individuals or firms) to submit proposals for a two-year Term Agreement with the Department. The two-year term will begin the date the agreement is executed. This pre-qualification process is available to consultants to submit proposals at any time. Proposals for additional service categories to be added to an existing term agreement may also be submitted at any time during the time an existing term agreement is in effect. No extension of time to the Term Agreement will be granted.

The purpose of these Term Agreements is to have a list of consultants pre-qualified to perform various services on an on-call basis. This list will be used Department-wide, as well as by many local agencies, to select consultants. Typical services would range from specific work tasks (as a portion of a project) up to small projects.

GENERAL TERMS

This Request for Qualifications (RFQ) does not commit ITD to enter into an agreement, to pay any costs incurred in the preparation of a proposal or in subsequent negotiations, or to procure or contract for any Project. ITD expects to negotiate work tasks on an on-call basis with respondents to provide the services contemplated by the categories herein included.

REVISIONS TO RFQ

In the event that it is necessary to revise any part of the RFQ, timely addenda will be posted on the web page and sent via facsimile to those firms that have requested a hard copy of the RFQ.

RESERVATION OF RIGHTS BY ITD

The issuance of this RFQ does not constitute an assurance by ITD that any contract will actually be entered into by ITD and ITD expressly reserves the right to:

- Waive any immaterial defect or informality in any response or response procedure
- Reject any and all proposals
- Request additional information and data from any or all respondents
- Supplement, amend, or otherwise modify the RFQ or cancel this request with or without the substitution of another RFQ
- Disqualify any respondent who fails to provide information or data requested herein or who provides inaccurate or misleading information or data
- Disqualify any respondent on the basis of any real or apparent conflict of interest
- Disqualify any respondent on the basis of past performance on ITD projects
By responding to this solicitation, each respondent agrees that any finding by ITD of any fact in dispute as to this solicitation or the responses thereto shall be final and conclusive except as provided herein.

**EVALUATION**

An Evaluation Committee will evaluate and determine the individual and comparative merits of each of the proposals received. It is the responsibility of the Consultant to ensure that the proposal complies with this RFQ, demonstrates qualifications, and provides the information requested. If the Consultant fails to provide any information requested in this RFQ, such failure may result in either non-qualification of a particular category of service or rejection of the proposal.

**EQUAL EMPLOYMENT OPPORTUNITY (EEO) REQUIREMENTS**

Federal law requires that all companies working on Federal-aid projects must comply with EEO requirements. The respondent, by submission of a proposal, agrees to not discriminate against any worker, employee, application subcontractor or any member of the public because of race, color, gender, age, national origin, or handicap/disability, or otherwise commit an unfair employment practice and further agrees to comply with all Federal, State, and Local equal employment opportunity requirements. For additional information, contact the EEO Office at (208) 334-8458.

**ENGINEERING REGISTRATION**

Engineering and land surveying firms are required to register with the Idaho State Board of Professional Engineers and Land Surveyors, and to maintain such registration during the life of the Term Agreement. Upon notification of pre-qualification, engineering firms will be required to provide proof of registration. For additional information regarding the registration, please contact the Idaho State Board of Professional Engineers and Land Surveyors at (208) 373-7210 or at [www.ipels.idaho.gov](http://www.ipels.idaho.gov).

**DBE REGULATIONS**

DBE Regulations as stated in 49 CFR 26.11(c) require the Idaho Transportation Department to create and maintain a comprehensive bidders list, consisting of all firms bidding on prime contracts and quoting/bidding subcontracts on federally-funded transportation projects. This requirement includes consultants. For further information about the bidder’s list, contact the EEO Office at (208) 334-4442 or visit their web site at [http://apps.itd.idaho.gov/apps/ocr/index.aspx](http://apps.itd.idaho.gov/apps/ocr/index.aspx).
FINANCIAL ACCOUNTABILITY REQUIREMENTS

The company must have an adequate cost accounting system as it relates to Federal regulations pertaining to work performed for ITD. The company must also have the necessary financial resources to perform a contract in a satisfactory manner and within the specified time.

Note 1:  After having entered into a term agreement, if an overhead rate has not already been approved by ITD, the consultant must be prepared to submit an audit or review of their overhead rate for the most recently completed fiscal year. The review or audit shall be performed by an independent certified public accountant, an agency of the Federal government, another state transportation agency, or similar independent audit organization. The audit or review shall be subject to approval by ITD’s Internal Review Manager, and must be updated annually as a condition of working under the term agreement.

Additional information and requirements regarding overhead rate submittals can be found in the Overhead Rate Policy located at http://itd.idaho.gov/business/?target=consultant-agreements.

Note 2:  At ITD option, new or small firms may negotiate loaded hourly rates for use on agreements until an overhead rate can be established.

PROPRIETARY MATERIAL

ITD assumes no liability for disclosure of proprietary material submitted by respondents. Proposal submittals shall be considered public documents under applicable state law except to the extent portions of the submittals are otherwise protected under applicable law.

CERTIFICATION REGARDING DEBARMENT

All submissions must contain a signed Certification Regarding Debarment, Suspension, and other Responsibility Matters form. The certification form is located at the end of this document.
