RE: 2022 STIP Amendment #H15

Dear Mr. Stokes:

This amendment approval amends the 2022 STIP to include 42 projects, as requested in ITD's October 18, 2022 letter. This approval is based on the following:

- The changes to the program are not intermodal in nature and will not affect the State's conformity process and, therefore, FHWA has sole approval authority.
- ITD is using unanticipated funds from BIL and state funds to maintain fiscal constraint.
- ITD certifies they have the mechanisms in place to ensure compliance with new rules required by the Bipartisan Infrastructure Law.

In consideration of the above, ITD's 2022 STIP Amendment #H15 is approved as requested.

Sincerely,

Maureen H. Gresham
Community Planner

SUBJECT: **FY 2022 – 2028 STIP AMENDMENT – October 18, 2022 # H15**

Dear Mr. Hartman:

The attached list includes 42 new projects to the STIP. All projects included in this request went out for a 30-day public comment from July 1 – July 31, 2022 as part of the FY23-29 ITIP Draft Program process. These were each included in the FY 2023 – 2029 Recommended Program approved by the Idaho Transportation Board at their September 22, 2022 meeting. These projects are new due to being added in FY 2029 and have preliminary engineering, right of way, or construction costs scheduled in FY 2023. These development costs are needed in FY 2023 so the projects can be started as soon as possible, so they were added as opposed to advancing existing STIP projects forward. These projects are all outside the MPO areas. Projects in the MPO areas will be submitted under separate cover.

The Department requests that the addition of these projects be amended to the FY 2022 – 2028 STIP so that funds may be obligated as planned. The full FY 2023 – 2029 STIP will be submitted to FHWA/FTA in November.

No further public involvement or air quality conformity analysis is required. The Idaho Transportation Department certifies that the above actions meet all applicable requirements as described in 23 CFR 450.218 of *Planning Assistance and Standards*. The STIP continues to be consistent with the Idaho Transportation Department's 2040 Long-Range Transportation Plan as approved by the Idaho Transportation Board in 2019.

Sincerely,

A handwritten signature in cursive script that reads "Chris Bray".
