Mr. Brian W. Ness, Director  
Idaho Transportation Department  
P. O. Box 7129  
Boise, ID  83707  

Attn:  Chris Bray, Finance Manager  

RE:  2022 STIP Amendment #H06  

Dear Mr. Ness:  

This amendment approval amends the 2022 STIP to reflect updated project costs for two projects and 3 grouped projects, as requested in ITD’s May 16, 2022 letter. This approval is based on the following:  

- The changes to the program are not intermodal in nature and will not affect the State’s conformity process and, therefore, FHWA has sole approval authority.  
- The proposed cost increases is covered increased federal revenue from on the Bipartisan Infrastructure Law matched with state revenue provided to ITD after the current STIP, approved by FHWA/FTA with corrective actions, was developed and maintains the same balance of anticipated and programmed of federal funds.  
- ITD has the mechanisms in place to ensure compliance with new rules regarding the use of Surface Transportation Block Group funds, as proposed.  

In consideration of the above, ITD’s 2022 STIP Amendment #H06 is approved as requested.  

Sincerely,

SUBJECT: FY 2022 – 2028 STIP AMENDMENT – May 16, 2022 # H06—Revised

Dear Mr. Hartman:

On November 15, 2021, President Biden signed the Infrastructure Investment and Jobs Act (IIJA) (Public Law 117-58, also known as the “Bipartisan Infrastructure Law”) into law.

ITD plans to utilize some of this funding to advance projects, increase project costs and add new projects. Blake Rindlisbacher presented such a Board item to the Transportation Board during the April 21, 2022 meeting with unanimous approval. The attached includes two significant cost increases to individual projects and three significant cost increases to Grouped Totals. Funding for these projects is from increased appropriations realized through the Bipartisan Infrastructure Law with match provided by unanticipated funding from the Idaho State Legislature also known as Leading Idaho.

The Kootenai Metropolitan Planning Organization amended their TIP with Amendment #11 on May 4, 2022. The Department requests that all project changes described in this letter be amended to the FY 2022 – 2028 STIP in order to allow obligation of funds as planned.

No further public involvement or air quality conformity analysis is required. The Idaho Transportation Department certifies that the above actions meet all applicable requirements as described in 23 CFR 450.218 of Planning Assistance and Standards. The STIP continues to be consistent with the Idaho Transportation Department’s 2040 Long-Range Transportation Plan as approved by the Idaho Transportation Board in 2019.

Sincerely,

Chris Bray  
Financial Manager, FP&A
