RE: 2026 STIP Amendment #H8

Dear Mr. Gonzalez:

This approval amends the 2026 STIP as requested in the letter dated October 21, 2026. This approval is based on the following:

- The changes to the program are not intermodal in nature and will not affect the State's conformity process; therefore, FHWA has sole approval authority,
- ITD certifies that funds are available for the projects through cost savings on other projects and redistribution; therefore, the state maintains constraint, and
- This action does not serve as an eligibility determination of approval of Federal participation as some programs may have additional program requirements.

In consideration of the above, ITD's 2026 STIP Amendment #H8 is approved as requested.

Sincerely,

KATIE CREAMER POTTS

SUBJECT: **FY 2026 – 2032 STIP AMENDMENT – October 21, 2026 # H08**

Dear Ms. Olivera:

The attached list includes 26 projects, requesting addition to the STIP. These were each included in the FY 2027 – 2033 Recommended Program approved by the Idaho Transportation Board at their September 17, 2026 meeting. Other existing projects were advanced at FY26 year-end using redistribution, and there was reprioritization and rebalancing of the program during the program update, allowing the STIP to be fiscally constrained with these additions. These projects are all outside the MPO areas. Projects in the MPO areas will be submitted under separate cover.

The projects in this Amendment were included the 7/1/26 – 7/31/26 comment period, and comments received were shared with Idaho Transportation Board members.

The Department requests that the project revision be amended to the FY 2026 – 2032 STIP so that funds may be obligated as planned.

No further public involvement or air quality conformity analysis is required. The Idaho Transportation Department certifies that the above actions meet all applicable requirements as described in 23 CFR 450.218 of *Planning Assistance and Standards*. The STIP continues to be consistent with the Idaho Transportation Department's 2040 Long-Range Transportation Plan as approved by the Idaho Transportation Board in 2019.

Sincerely,

Colleen Wonacott
