Volunteer service is creditable work experience. Through the Volunteer Services Program volunteer groups and individuals donate their time and talent by engaging in Idaho Transportation Department approved activities. Volunteers do not receive wages, benefits or any form of compensation. Volunteers are not considered state employees for any purpose other than for tort claims or injury compensation and only when a signed Volunteer Services Release of Liability has been received by the Idaho Transportation Department. The Idaho Transportation periodically uses photographs or video and audio footage of volunteers engaged in department activities for publicity or educational purposes. By signing this application and the accompanying Release of Liability form, the applicant acknowledges understanding of such uses and grants permission to ITD to use photographs or video and audio footage for publicity or educational purposes.

Contact Information – Schools or school affiliated organizations must provide a school faculty member as the contact person or alternative representative. If applying as an individual, please disregard the need for alternate contact information. Applications received from organizations, schools, or school affiliated organizations without this contact information will not be approved and will be returned to the applicant.
