Notes:
1. Sterilize the earth under slope paving, submit product for approval. Sterilization under slope paving will not be paid for separately but will be included in the cost of Item 623-Concrete Slope Paving.
2. Pave on 2:1 slope for interstate backslope, others vary.
3. Provide 2" x 4" prefurred joint filler (AASHTO M-223) between slope paving and face of abutment and wing walls.
4. Provide alternate rows of panels that have an exposed aggregate surface or heavy broom finish.
