Interested Contractors

RE: Pre-Advertisement Project Overview

ITD Project Key Number: 24305: I-90, SH-41 to US-95 WEST, Kootenai County (MP 7.128-9.714)

24306: I-90, SH-41 to US-95 EAST, Kootenai County (MP 9.714-12.046)

To Interested Construction Contractors:

ITD invites interested contractors to participate in the pre-advertisement presentation meeting on November 4th 2024, for the two I-90 construction projects between SH-41 (Exit 7) and US-95 (Exit 12). ITD is preparing to advertise these projects in early 2025. ITD will present an overview of the projects' scope and key features. This will help both ITD and the contracting community prepare for a successful project overall.

The total project limits is on I-90 from the SH-41 Interchange in Post Falls, Idaho to the US-95 Interchange in Coeur d'Alene, ID. The WEST project (KN24305) will interface with the I-90 SH-41 Interchange project which is currently under construction. Both WEST and EAST project limits overlap just west of Atlas road and will require coordination between contractors. The projects will widen and reconstruct I-90 to four lanes in both directions, including multiple bridge replacements, substantial retaining walls, 5 miles of chain link fence installation, and ramp widenings/adjustments.

ITD is asking for your active participation. Please join us for the pre-advertisement presentation scheduled to begin at 1:00 p.m. (PST) on Monday, November 4, 2024 using the Webex link below:
