January HQ Building Flood

• In January 2022, the main building at 3311 W. State Street was flooded by a leaking radiator.
• The building was completely vacated and employees either worked from home or found work space in the other buildings on the campus.
January HQ Building Flood

- Most of the HQ Staff are now being relocated to the Idaho State Agency Chinden Campus.
- The lab, Bridge section, Highway Safety and Right of Way will remain at the East Annex on Jordan Street.
