Notice to Contractors

Dear Contractor,

Based on new federal legislation, the DUNS number is being replaced with a Unique Entity Identifier (UEI). If you are already registered in SAM.gov you should have already been assigned a UEI which is a 12 character alpha numeric identifier. The UEI is required for all Prime and sub contractors bidding on federal-aid projects.

Another legislation requirement is that all Prime contractors must be fully registered in SAM.gov prior to award of a federal-aid contract. Full registration takes around 10 days, but the UEI is provided immediately.

Effective July 12, 2022, all bidders on federal-aid contracts will be required to provide the UEI at the time of bid on the Bidder's Signature page of the proposal package.

Sincerely,

*Monica Crider*
