

102.13 Licensing of Bidders.

For contracts that include federal-aid funding, bidders and subcontractors that are required to be listed in the proposal will possess the appropriate license as specified in 107.03 before the Department awards the contract.

For contracts without federal-aid funding, bidders will possess the appropriate license as specified in 107.03 before submitting a proposal, and if the proposal forms require bidders to list subcontractors, the subcontractor will possess the appropriate license as specified in 107.03 and as stated in 102.04 before the bidder submits a bid proposal.
