

# I-15 SAND ROAD TO SOUTH BLACKFOOT INTERCHANGE MID-APRIL TO LATE MAY

The Idaho Transportation Department will resurface 3.6 miles of northbound Interstate 15 between the Sand Road Overpass and the South Blackfoot Interchange. The southbound lanes were resurfaced in 2017.

### Work in 2018 will include:

- Replacing 9.6 inches of cracked pavement and eliminating soft spots under the surface.
- Upgrading guardrail throughout the project area.
- Improving vertical clearance under the Sand Road Overpass, Ferry Butte Road Overpass and Willie Road Overpass.

### Traffic impacts:

- I-15 will be reduced to one lane in each direction in the project area.
- Both north- and southbound traffic will travel on the southbound lanes of I-15.
- Wide loads will be detoured to U.S. 91 between the Fort Hall Interchange (Exit 80) and the South Blackfoot Interchange (Exit 89).
- The speed limit will be reduced in the work zone.

# CONSTRUCTION AHEAD – 2018

The Idaho Transportation Department is continuing a multi-year project to repair and maintain Interstate 15 in eastern Idaho.

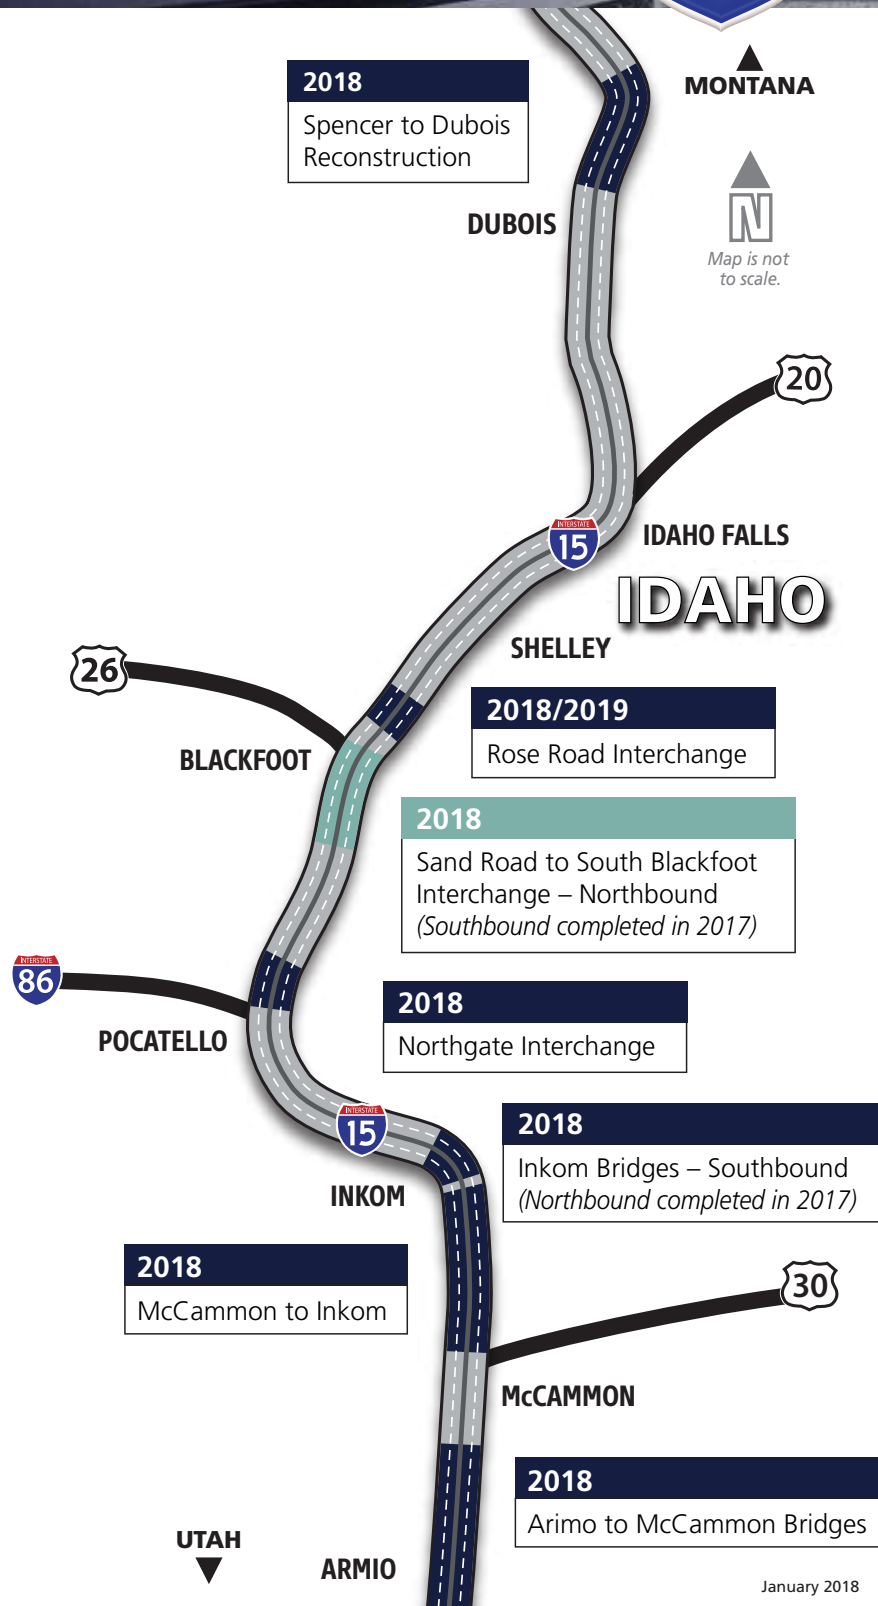

The 2018 construction season will involve numerous bridge improvements, new pavement and guardrail in several locations between the Utah and Montana borders.

## To help you drive through construction, please:

- Plan extra time to travel through the construction zones.
- Pay attention to signage and changing traffic patterns.
- Slow down as speed limits will be reduced.
