

In the Matter of the Application for the )  
Designation of 129,000 Pound Route on )  
State Highway 32 )  
Case No. 201631SH32 )

LETTER OF DETERMINATION

---

The Idaho Transportation Department received an application requesting that a section of State Highway 32 be designated as a route in which transports weighing up to 129,000 pounds would be allowed. Specifically, the application sought the designation of State Highway 32 from milepost 0.0 to milepost 28.39. The section of State Highway 32 from milepost 20.64 to milepost 28.39 is considered under case #201614SH32; therefore this letter addresses that portion of State Highway 32 from milepost 0.0 to milepost 20.64. This application was submitted to ITD pursuant to Idaho Code section 49-1004A.

The staff at ITD District 6 and the staff at the Department of Motor Vehicles, Bridge Section, the Office of Highway Safety, and Materials Section of ITD Headquarters evaluated the proposed route applying the criteria set forth in the administrative rules that implement the statute. See IDAPA 39.03.22.200.04. Staff found the proposed route satisfied engineering and safety standards set forth in the rule. I received the information from staff and recommended that the matter proceed to a public hearing.

A public hearing was noticed and conducted in Rigby on December 5, 2017 where written and verbal testimony were received. Idaho Transportation Department District Engineer Jason Minzghor presided over the hearing. Following a thirty-day period, the time for submitting written comment closed.

The Board Sub-Committee held an open meeting on January 16, 2018. At that meeting I recommended approval on the proposed route. The Sub-Committee considered staff's analysis,

my recommendation, the testimony received at the public hearing and the written comments submitted. The Sub-Committee voted to recommend approval of the proposed route to the full Idaho Transportation Board.

The Board Sub-Committee and my representative presented this matter to the Idaho Transportation Board at its regularly scheduled meeting of February 21, 2018. The Board received the submitted application, map of the proposed route and Staff's evaluation of the proposed route. The Board also received transcripts of the testimony submitted at the public hearing and the written comments received by Staff. The Board accepted the recommendations to approve the route and adopted a resolution during the meeting, directing me to process a Letter of Determination approving the route for weights of up to 129,000 pounds.

THEREFORE, it is now DETERMINED that the application identified above is hereby APPROVED and the requested route is designated as a route in which vehicle combinations of up to 129,000 pounds may operate with a permit.

This Letter of Determination is an administrative action of the Idaho Transportation Department and will become a final agency action unless an appeal or pleading is filed with me within fourteen (14) days from the date of service indicated below.

The right to file an appeal or pleading is set forth in title 67, chapter 52, Idaho Code and IDAPA 04.11.01, referred to as the Idaho Rules of Administrative Procedure of the Attorney General.

Dated this 21st day of February 2018.

---

KIMBOL R. ALLEN, P. E.  
Chief Engineer  
Idaho Transportation Department

## CERTIFICATE OF SERVICE

I hereby certify that on this 22<sup>nd</sup> day of February 2018, a copy of the within and foregoing LETTER OF DETERMINATION was served by sending the same by United States mail, postage prepaid, in an envelope addressed to:
