CAPABILITY STATEMENT

Company Information

Water, Civil, and Environmental Inc. (WCE Inc.) is a woman-owned, SBA 8(a)-certified consulting firm that offers comprehensive environmental, water resources, and civil engineering services to clients throughout the United States.

WCE Inc. is experienced, flexible, and responsive, combining the knowledge and innovation often found in larger companies with the attentiveness of a small company.

Core Competencies

Civil Engineering

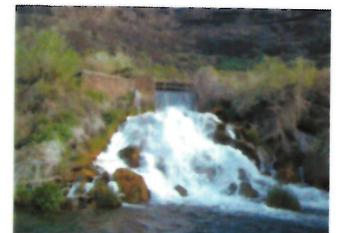

- ◆ Site planning, design, and permitting
- ◆ Recreational facility design
- ◆ Specification of pre-engineered metal buildings
- ◆ Mechanical, pipe/pump, and foundation design
- ◆ Construction management, engineering, and inspection
- ◆ Cost estimating and value engineering

Environmental Engineering and Management

- ◆ RCRA/CERCLA site investigation and remediation
- ◆ Remediation under state voluntary cleanup programs
- ◆ Abandoned mine land reclamation
- ◆ Regulatory compliance, permitting, and training
- ◆ Phase I & II Environmental Site Assessments (ESAs)
- ◆ Hazardous materials and waste management
- ◆ Potentially responsible party (PRP) searches
- ◆ NEPA Environmental Assessments
- ◆ Wetland delineation

Water Resources Engineering

- ◆ Hydraulic structure design and inspection
- ◆ Hydrologic modeling and design
- ◆ Water/wastewater treatment system design
- ◆ Stormwater management facility design
- ◆ Hatcheries/fisheries restoration and design
- ◆ Stream restoration
- ◆ Fish passage/barrier design
- ◆ Section 404 permitting
- ◆ Groundwater and surface water investigation
- ◆ NPDES permitting and compliance
- ◆ Compliance and monitoring
- ◆ Preparation of SWPPP, SPCC, and Erosion and Sediment Control Plans

Past Performance

- ◆ U.S Forest Service: Conducted a site investigation at a property impacted by wood treatment chemicals and lead-based paint and working to remediate it under the Voluntary Cleanup Program (VCP).
- ◆ USDA NRCS: Conducted Phase I Environmental Site Assessments for four agricultural parcels in West Virginia proposed for inclusion in an NRCS easement program.
- ◆ Idaho Department of Lands: Conducted waste characterization and disposal activities at a former illegal marijuana growing and processing operation.
- ◆ Rim View LLC: Remediated a solvent-contaminated site under the Idaho VCP and assisted with negotiations with the IDEQ for project closure and a covenant not to sue.
- ◆ Owyhee Gold Trust, LLC: Provided hydraulic analysis, permitting, design, and agency coordination services for the replacement of five road crossing culverts for road realignment and the enhancement of trout habitat.
- ◆ Private client: Modeled SW flow and designed three catch basins to capture and treat runoff at an industrial mine site.

Identification/Certifications

- ◆ DUNS Number: 079227415
- ◆ CAGE Code: 71JR6
- ◆ NAICS Codes: 541620 (Primary), 541330, 562910, 541690, 541990, 541340, 541611, 221310, 221320
- ◆ Small Business Status & Certifications: SBA 8(a), EDWOSB, DBE (CO, ID, MT, NM, TX, UT), & WBE (NY)
- ◆ GSA Contract: GS-00F-386GA
