City of Polson  
Polson, Montana  
Wastewater Collection System Improvements

The Project includes the following Work:

Base Bid – Schedule A: Construction of a new Lakeview Lift Station consisting of a new wet well, new submersible pump package system, piping, valves, and associated electrical and controls improvements. Performing all other site civil and demolition work required for a complete operational system.

Base Bid –Schedule B: Installation of Owner furnished 8-inch, 10-inch, and 12-inch diameter gravity sewer pipe along 7<sup>th</sup> Avenue E. and 7th Street E., installation of four precast concrete sanitary sewer manholes, and full width road paving and marking.

Additive Bid Alternate #1: Replacement of the existing pumps in the Riverside Park lift station with new non-clog centrifugal pumps and new associated piping, valves, and electrical and controls improvements. Construction of a new overflow wet well with associated gravity sewer piping and manholes. Performing all other site civil, demolition, and mechanical work required for a complete operational system.

Additive Bid Alternate #2: Lakeview Lift Station Force Main Replacement.

Additive Bid Alternate #3: Lakeview Lift Station Force Main CIPP All work, including pavement restoration, shall be completed no later than August 31st, 2025
