The Ignition Interlock Manufacturers listed have been certified by the Idaho Transportation Department to meet the standards set forth by the National Highway Traffic Safety Administration for Model Specifications for Breath Alcohol Ignition Interlock Devices (BAIIDS).

If you are required to have an ignition interlock it is suggested that individuals contact **each company** listed to determine the nearest service center, cost, availability, and appointment requirements.

These manufacturers are **located outside of Idaho**, however, they have service centers in various Idaho locations.

ITD does not install ignition interlocks, cannot recommend a company, or provide the nearest installation center.

For questions contact drivers services at 208-334-8000.
