Day 1 Statistical Economic Development Data/Case Study – Suzanne
  - We are looking at the team Jody has brought together with a consultant to look at what we could do with those consultants versus working with John Martin. It looks as though we might be able to put something together for each district using a tool called Remi. It’s going to be Kootenai County utilizing this tool and through their work demonstrating what every other provider can do to show an impact in their region.
  - Alisa to connect with Shauna and Ron
  - There is a framework we can move forward with that has a couple of different options.
    - Dependent on approval from Ron and Shauna
    - Scalable model for across the state
    - Opportunities to leverage Remi, but there are costs associated with that.
    - VRT is already in discussion with Remi
    - Benefits to standardized the approach
    - Possible scope of work to show different levels (free vs. cost)
  - Possibly change up the presentations to have a more fluid presentation of the information

Day 1 Data Showcase – Jody & Alisa
  - In collaboration with Statistical Economic Development Data/Case Study

Day 1 What we could be – Larry & Maxine
  - No update

Day 1 Messages from DC – Kim
  - No update at this time
  - The contact list will help facilitate this

Economic Panel – Ron
  - Working on, no commitments yet
  - Been working nationally, but not opposed to local options

Kick Off – ITD-PT
  - Executive leadership has been tied up with legislative sessions

PSA Update – ITD-PT
  - Meeting with new vendor next week
• Hall of Fame – ITD-PT
  o Nominations 03/18 – 07/19
  o Voting 07/26 – 08/09

• Next Meeting Agenda 03/28/2024
