GRANTS/CONTRACTS OFFICER

Published 2/7/2024

Sustainable Moscow Area Regional Transit, SMART, is the public transportation provider in Moscow, Idaho, since 1994. SMART operates free public transportation within Moscow city limits.

They serve popular destinations within the city of Moscow -- medical offices, shopping destinations, and schools including the University of Idaho campus.

Additionally, SMART operates a Dial-a-Ride service (curb to curb) for \$1.50 per boarding. Members of the public may request rides using Dial-a-Ride, but priority is given to individuals covered by the Americans with Disabilities Act (ADA), including passengers using wheelchairs or scooters. No fare is charged for eligible ADA riders. SMART also accepts Idaho Medicaid for eligible rides. Seniors 60 years of age and over can ride once per week for free via Dial-a-Ride (subject to availability).

Rides must be scheduled in advance no later than 5 p.m. the day before a trip. If you are traveling outside of Moscow, Dial-a-Ride can take you to the Moscow Intermodal Transit Center and from there you connect to intercity transit services. SMART is also looking to expand their services with routes into Pullman, Washington.

If you'd like to reserve a ride or donate to SMART, and help them continue their great work in Moscow, please call 208-883-7747.

Affordable transportation enables people to live independent lives, enhancing quality of life for those who need it most.
