## **Introduction**

### **Public Transportation Vision:**

National Leader in Developing Innovative Public Transportation Systems

### **Mission:**

*Growing Idaho's Mobility Network by Providing Exceptional Customer Service and Leveraging Emerging Technology*

The Idaho Transportation Department's Public Transportation Office (ITD-PT) serves as a statewide leader for public transportation.

In keeping with ITD's strategic mission of "Your Safety, Your Mobility, and Your Economic Opportunity", the Public Transportation Office works to promote the success of all public transportation options throughout Idaho.

Among its many duties the Public Transportation Office is charged with statewide public transportation planning, coordination, grant administration, compliance, performance management, safety monitoring, technical assistance, and acting as a liaison between federal, state and local stakeholders.

Grant programs such as this are critical to ensuring that public transportation options of all kinds are available in Idaho.

## **Program Description**

Purpose: The Vehicle Investment Program (VIP) provides capital funding for demand response providers to replace, rehabilitate, and purchase buses to support the continuation and expansion of public transportation services.

### Program Priorities:

1. Existing 5310 Services (Capital, Preventative Maintenance)
2. Expansion of 5310 Services (Capital, Preventative Maintenance)
3. New 5310 Operator (Capital, Preventative Maintenance)

### Eligible Recipients:

- Subrecipients: Designated recipients and states that operate a demand response service or who allocate funding demand response bus operators. This includes private non-profits, state or local government authorities, operators of public transportation services, including private operators of public transportation services, and tribal governments.

Local Match: 20% local share is required

### **Section 1: Project Description**

Project Description: Up to 12 points (4 page maximum, single sided) Provide a concise project description, specifically detailing the proposed project for which funds are being requested and how the project addresses the scope and objectives of the FTA grant program and ITD-PT priorities. If the project was previously funded by ITD, explain how this funding request relates to that project.

- a. FTA Program Eligibility: Discuss how project meets the FTA funding source program purpose
- b. ITD Call for Project Priorities: Discuss how the project meets the ITD-PT call for project priorities
- c. Application Scope of Work: Describe in detail the scope of work for the project you are proposing

### **Section 2: Demonstration of Need**

Demonstration of Need for Public Transportation Funding: Up to 17 points (3 page maximum, single sided) Applicants should demonstrate the specific need for the service/project in their local area. Points will be assigned based on the narrative and supporting documentation provided to substantiate the degree of need as defined below.

- a. Service Area Level of Need: Please discuss efforts, qualitative and quantitative that have been undertaken to determine the following levels of need.
  - Critical Need: Critical need is defined as an existing, officially identified violation of federal or state health or safety regulations. If the entity has critical need the regulations being violated must be documented (i.e. compliance order, consent order or notice of violation).
  - Moderate Need: Moderate need is an officially identified problem related to health and safety regulations, but the agency is not in violation of any regulation.
  - Potential Need: In order to be considered a potential need, the applying agency must illustrate that the current situation would become a violation if it is left uncorrected.
  - General Need: General need is an improvement not related to health and safety, but is a major improvement in services and/or infrastructure.
- b. Sustaining existing services or expansion need:
  - Describe efforts, qualitative or quantitative, that were undertaken to determine need, the reason for sustaining current levels or expanding, and include any pertinent documents to supplement your answer (examples may include: surveys, studies, planning documents, route maps, ridership history and projected ridership, spending history etc.)
- c. Ridership (Scoring is based on the most recently published ITD-PT Annual Performance Report) \*New providers please provide past 3 years of ridership data.
  - Decreasing
  - Staying the same
  - Increasing

- d. If applying for a vehicle:
- Asset Condition (Scoring is based on the condition assessment parameters as outlined in an approved TAM plan) or by providing data on asset conditions.
    - Excellent condition
    - Good Condition
    - Adequate Condition
    - Marginal Condition
    - Poor Condition
    - Removed from services
